Dear AHMI Member:

Appalachian Hardwood Manufacturers records indicate that it is time to renew your **Certified Appalachian Legal & Sustainable** participation. This third-party audited program certifies your company's sourcing as meeting the standards adopted by the AHMI Board of Trustees.

Logs, lumber and products from the 344-county Appalachian Region will be **Certified Appalachian Hardwood Sustainable** utilizing U.S. Forest Service Forest Inventory Analysis. The 2019 update proves a growth-to-removal ratio of 2.4 to 1, far exceeding sustainability. This program will certify your membership in AHMI, sourcing from the region and the FIA data analysis.

Logs, lumber and products will be **Certified Appalachian Hardwood Legal** and will show:

- Your company is a member of good standing in AHMI;
- Your company is a legal entity in the United States and adheres to the rule of law;
- Your products are legally sourced with proof from your suppliers.

AHMI has contracted with a third-party auditor to certify your company to these standards and you can choose to do either or both. Enclosed you will find:

- Standards for both programs and the audit procedure;
- Sample product certificate;
- List of Appalachian Hardwood Counties;
- Procurement Form for your vendor to complete and give you to keep on file if a question arises about the origin of logs, lumber or products.

I look forward to working with you on this initiative. If you have questions, please contact me immediately.

Regards,
